NOTICE OF REDRESS OF GRIEVANCES ON MARCH 23, 2019  
AT THE WHITE HOUSE AND ALL STATE CAPITALS

PLEASE TAKE NOTICE that We The People will hold a Redress of Grievances at the White House and all state capitals on March 23, 2019 at 11:00 am. You are receiving this Notice as a party in interest to the fraud being perpetrated upon the People, our Constitutional Republic, and the Constitution. We The People respectfully request all parties of interest to appear and address these grievances in person.

REDRESS OF GRIEVANCES: Our grievances include, but are not limited to the following:

The second amendment stands as written, it shall not be infringed.  
Congress shall make no law that applies to the citizens and not Senators and Representatives.  
Term Limits for Senators and Representatives.  
No ID. No Voting.  
Build The Wall.

PLEASE TAKE FURTHER NOTICE All laws in violation or in conflict with the U.S. Constitution are hereby considered null and void. If no remedies are timely available, We the People, without further notice, may seek all remedies afforded to us within the Declaration of Independence and the United States Constitution.

We The People hereby certify that the Constitutional Right to Life and Liberty does not exist within states that murder babies on the day of their birth. The Constitutional Right to keep and bear arms does not exist within states with Red Flag laws or any other gun control measures. The Constitution does not exist within our monetary system where the wealth of the people is taken away and exchanged for debased currency and unrepayable debt. The Constitutional Right to Personal Safety does not exist while our borders are open to invasion. We the People will have a Constitutional Republic, so help us God.

Respectfully Submitted,

Who Will Decide
